Workshop

Foreign Body Removal

Whether you are newly qualified or have been practising for years you’ll benefit from this Foreign Body Removal workshop. Optometrists will soon have a Medicare billing code for the removal of corneal foreign bodies. This workshop will include essential information on the safe and effective removal of foreign bodies and the appropriate management and follow-up.

Benefits

Participants will learn about:

➢ assessment of foreign bodies through hands on experience
➢ up to date therapeutic management approaches
➢ patient aftercare

Improve your practical skills using a variety of foreign body removal equipment and techniques.

➢ Gain 6 CPD points
