

Optometrists' Perspectives of Continuing Education or Continuing Professional Development (CPD)

Have you ever wondered if CE is worthwhile?

- **We are interested in finding out if continuing education is effective.**

Researchers at The University of New South Wales, Australia (UNSW) are seeking volunteer research participants to learn about optometrists' perspectives of continuing education.

- **Would the research study be a good fit for me?**

The study might be a good fit for you if you are **18 years and over** and are an **optometrist registered for practice in Australia**.

- **What would happen if I took part in the research study?**

If you decide to take part, you would be asked to participate in a focus group or individual interview (either face to face or over Skype). It will take approximately 45 to 60 minutes chatting to complete.

- **Will I be paid to take part in the research study?**

You will be paid \$20.00 to take part in this research study, and you are also eligible to earn free CPD credits after completing the event.-

- **Who do I contact if I want more information or want to take part in the study?**

If you would like more information or are interested in being part of the study, please contact:
